

Everyone needs science.
Science needs everyone.

AMGEN® Foundation
Inspiring the Scientists of Tomorrow

The Amgen Foundation is deeply committed to reimagining and expanding access to science education. Since 1991, we have contributed more than **\$425 million** to nonprofit organizations across the globe, including **\$250 million** to science education. Our work is aligned with Amgen's Environmental, Social and Governance strategy.

Reimagining Science Education

The Amgen Foundation is guided by the belief that everyone needs science and science needs everyone. We work with expert partners to provide best-in-class science education programs free of cost to teachers and students.

Staff Engagement

Amgen staff volunteers are valued contributors to our mission of bringing science to everyone. Amgen and the Amgen Foundation offer a number of initiatives in support of staff volunteerism and giving.

Community Initiatives

In areas where the majority of our staff live and work, we support trusted nonprofits to build stronger communities. Internationally, we work with global organizations to respond to natural disasters around the world.

In 2021, our programs reached **27 million** people worldwide.

LabXchange

AUDIENCE: Middle school, high school, university students

LOCATION: Virtual

REACH: Over 27 million users since January 2020

INVESTMENT: \$43 million since 2016

WEBSITE: LabXchange.org

Funded by the Amgen Foundation and developed by Harvard University, LabXchange is a free, online platform providing access to personalized instruction, virtual lab experiences and networking opportunities across the global scientific community.

Amgen Biotech Experience

AUDIENCE: High school teachers and students

LOCATION: U.S., Canada, Europe, Asia and Australia

REACH: Over 900,000 students since 1990

INVESTMENT: Over \$42 million since 1990

WEBSITE: AmgenBiotechExperience.com

The Amgen Biotech Experience empowers high school teachers to transform their classrooms into biotechnology labs through professional development courses, teaching materials and research-grade lab equipment in 13 countries, all at no cost to participating schools.

Amgen Scholars Program

AUDIENCE: Undergraduate students

REGIONAL PROGRAMS: U.S., Canada, Europe, Asia and Australia

REACH: Over 4,800 Amgen Scholars from across the globe

INVESTMENT: \$74 million since 2006

WEBSITE: AmgenScholars.com

Each summer, the Amgen Scholars Program enables undergraduates from many colleges and universities to experience life as scientists with top academic researchers at premier institutions around the world.

Khan Academy

AUDIENCE: High school teachers and students

LOCATION: Virtual

REACH: 15 million Biology users in 2021

INVESTMENT: Over \$9 million since 2015

WEBSITE: KhanAcademy.org

The Amgen Foundation is the exclusive sponsor of Khan Academy's multilingual biology resources, ranging from ninth-grade biology content through to Advanced Placement® (AP) Biology. The Amgen Foundation also supports Khan Academy's U.S. school district partnerships.
